

PUBLIC INFORMATION MEETING

Join OCWR staff at a public information meeting for discussion, questions and answers about the proposed Capistrano Greenery composting operation.

Background: In response to new state legislation that mandates changes in organic waste management, OC Waste & Recycling (OCWR) is proposing to construct and operate a greenwaste composting facility at the Prima Deshecha Landfill. It will be called Capistrano Greenery. The Capistrano Greenery composting operation would divert the use of greenwaste that is already being brought to the landfill. Instead of landfilling it, the Capistrano Greenery operation will compost and distribute it for reuse at off-site locations as a soil amendment and for erosion control. The Capistrano Greenery will accept up to 204 tons of material per day.

Public Information Meeting: OCWR invites community members to attend an informational meeting at San Juan Hills High School to learn about the project. Staff will provide information and answer questions about the proposed Capistrano Greenery composting facility and the new legislation.

California Environmental Quality Act: In compliance with the California Environmental Quality Act (CEQA), OCWR has prepared a Mitigated Negative Declaration (MND) for the proposed Capistrano Greenery. The document is located on the OCWR website at www.oilandfills.com. OCWR invites the public to provide any comments on the MND. At the public information meeting, staff also will be available to answer questions about the CEQA process for this project and the environmental topics that are analyzed in the MND.

Public Information Meeting

Tuesday, January 21, 2020

6 – 8 p.m.

San Juan Hills High School: Library
29211 Stallion Ridge
San Juan Capistrano, CA 92675

JOIN US FOR A PUBLIC INFORMATION MEETING ON JANUARY 21

PROPOSED CAPISTRANO GREENERY COMPOSTING OPERATION
IN RESPONSE TO NEW STATE LEGISLATION

Frequently Asked Questions:

Q: What is the purpose of this public information meeting?

A: To inform the public about the proposed Capistrano Greenery composting operation and to provide a public forum for discussion, questions and answers.

Q: Will I notice any changes from the existing landfill operation?

A: The proposed Capistrano Greenery composting operation will not result in any noticeable changes compared to the existing landfill operation. The location of the proposed composting operation at the landfill would be more than 1,100 feet from the closest neighborhood.

Q: What about the number of trucks to and from the landfill?

A: Since most of the greenwaste is already being received at Prima, there would only be a limited number of new truck trips for the composting operation.

Q: Why should I attend the meeting?

A: It provides an opportunity for you to learn about the proposed Capistrano Greenery composting operation and to connect with OCWR team members on any questions you may have.

Q: Where is the proposed Capistrano Greenery composting operation?

A: Prima Deshecha Landfill
32250 Avenida La Pata
San Juan Capistrano, CA 92675
